Afidus Battery Technology™

The best time lapse camera with Afidus exclusive energy saving technology, recording up to one year with only 4 AA batteries.
*10 mins interval

Afidus Image Technology™

Sony Starvis™ with Excellent True WDR(more than 120dB) provides first-rate Starlight image quality. See clearer and brighter image in low light environment. Well-suited for starry night and poor light environment.

Shutter Speed with Large Iris

Fast shutter speed with F0.95 large Iris presents the dynamic images without giving up the high quality.

Weather Proof

IPX5 weather proof design, time lapse anytime and anywhere. Silicone sleeve accessory provides complete weather proof against water damage.

1080p Full HD

1080p Full HD resolution, adjustable exposure, white balance, contrast, sharpness, saturation and HDR parameter, time lapse in your style.

Calculator

Time lapse calculator in Afidus APP, tells you time lapse video length and file size.

Image Alignment

Exclusive feature in Afidus APP enables you to have the same image composition after relocating your camera or changing batteries.
